

GRAND
INFLATABLE BOATS

WHY GRAND?

1. A Proven Track Record of Success

Over the past 15 years we have manufactured and developed a highly successful product range. The current catalogue includes craft for recreational as well as professional users including RIBs, foldable boats and canoes together with a comprehensive range of accessories. Our company is now recognized as one of the market leaders in the field of Inflatable Boats.

3. Safety is Our Primary Consideration

Our primary consideration is to provide a safe environment for Our Customers. The safety aspects of every new model are therefore thoroughly reviewed at the start of the design process. Regardless of which model you choose, be it our smallest tender for your yacht or the fabulous G850 Day Cruiser — you will always feel safe in a GRAND Inflatable Boat.

2. Innovations are the Hallmark of Our Success

The ability to continually innovate and refine our production processes is one of the key ingredients in GRAND's success. By utilizing state of the art engineering and design processes combined with an extensive research and development program we have not only raised the bar in terms of quality but have also been able to provide some of the finest contemporary naval architecture available!

4. A Totally European Product

Every GRAND boat is built in Europe without compromise in terms of workmanship, materials, engineering and quality. By combining aerodynamic principles with advanced design and manufacturing concepts we provide our customers with boats in which every component is quality assured and traceable to its source. That's a high standard to maintain but we wouldn't have it any other way!

5. A Wide Range of Boats

Our range now stands at over 50 models, which together with a comprehensive list of options and accessories means you can select and equip your boat to meet your precise personal requirements. In addition, we offer a wide range of color schemes for the tubes, GRP and upholstery providing you with the opportunity to create something truly unique.

6. International Distribution and Dealer Network

A fast and reliable distribution network is an essential part of any successful multinational business because it enables customers to get products and services when they need them. GRAND's worldwide network of Authorized Distributors and Dealers provides our customers not only with great boats and accessories but also first class sales and service backup.

7. ISO9001 Certificate

As part of our focus on continually improving our products and services we are delighted to announce that we have recently achieved ISO 9001:2015 status. ISO 9001 is the international standard for quality management systems and is recognized in over 170 countries. The standard is based on a number of quality management principles including a strong customer focus, the motivation and engagement of top management, the process approach, and continual improvement. Using ISO 9001 helps us ensure that customers consistently receive quality products and services, which in turn brings many shared business benefits.

8. Model Range – Continual Improvement

There was nothing ever made that could not be done a little better and this is why we regularly review and update our model range in order to reflect the latest trends in design and safety. We are not a Company that rests on it's laurels and our policy of Continual Improvement has resulted in many of our models becoming "classics" of their type.

9. Inflatable Tubes with Profiled Fiberglass Step Ends

The majority of our RIBs include, as standard equipment or as an option, a feature developed by GRAND — inflatable tubes with Profiled Fiberglass Step Ends.

The advantages include:

- They are a particularly useful feature when swimming, boarding or docking
- They are safe and comfortable to stand or sit on when the boat is at rest.
- They work as a passive trim-tab, pushing the bow down when under way.

Once you have enjoyed the advantages of our Step Ends you won't want to be without them!

10. High Quality and Fair Prices

Our definition of “Quality” is that the product meets not only our Customers requirements but also those set out in international standards such as International Standards EN ISO 6185, EN ISO 12217 and the European Union Directive 2013/53/EU. Our internal quality management procedures are amongst the highest in the industry so the challenge has been to achieve this at a cost that ensures good value for money. Based on the feedback we receive from our customers we seem to be doing this rather well!

11. Style and Practicality

We believe that in order to achieve an overall success with the design brief it is also important to combine style with practicality. Our designers pay particular attention to the ergonomics as well as the elegance of their designs, the results of which we hope our customers will really appreciate!

12. Best Materials for Best Boats

GRAND's inflatables are made from five layers of 1100Dtes Polyester fabric and 1680 Dtex, which is reinforced with MIRASOL and HEYTEX fabrics to ensure outstanding durability and abrasion resistance. Where HYPALON tubes are specified we use ORCA® engineered fabric which provides the quality, strength and durability necessary to ensure customers receive the best performing products available. These fabrics combined with our new HTL adhesive ensures our products possess a high level of structural integrity and the ability to withstand temperatures of up to 90°C! Every GRAND boat utilizes special marine Crystic® Gelcoats by Scott Bader with lowest styrene contents available today.

13. SeaDek® High Performance Flooring

GRAND boats are now available with SeaDek® high performance flooring. SeaDek® is manufactured in the USA from a nonabsorbent, closed cell copolymer material specially formulated for marine applications. This material is an innovative, textured micro-dot surface with enhanced non-slip characteristics. SeaDek® is a durable UV resistant non-absorbable material providing protection for boat surfaces, especially in high traffic areas. Other SeaDek® benefits include:

- Exceptional traction even when wet
- Unparalleled comfort when standing, walking or leaning on boat surfaces
- Shock absorption, which decreases fatigue
- Protection for boat surfaces against scratches, chips and dents
- Noise reduction characteristics — ideal for fishermen

SeaDek® is specially formulated for marine applications and will further enhance both the appearance and safety features of our boats.

14. Unique Designs and Technical Perfection!

Every GRAND model incorporates a unique combination of innovative techniques, patented designs plus many years of experience and expertise. By utilizing the latest CAD/CAM technology with the most advanced software, every GRAND is perfected to the smallest detail to ensure the utmost quality. Once the prototype model has been constructed, it is subjected to an extensive range of sea trials in the toughest conditions before it sees a showroom floor! After every production stage each boat passes a strict quality control test against a challenging set of parameters and all models are required to pass CE certification before series production begins.

15. Incomparable Pleasure and Comfort

In choosing any GRAND model you will not only get a high quality boat, but also the invaluable pleasure of spending time with your family and friends in natural surroundings; as well as appreciating the comfort and outstanding handling characteristics of your GRAND Inflatable Boat.

GOLDEN LINE

GRAND Golden Line RIBs are designed for customers seeking a boat that reflects a high degree of individuality, luxury and character. The Series includes boats ranging from 3.3m to 8.5m in length. If you are looking for a boat that personifies the Spirit of Discovery then our Golden Line RIBs will definitely meet your needs.

G850

Our new Golden Line G850 is the flagship of the GRAND fleet. This magnificent 8.5 meter Day Cruiser combines performance with all the modern comforts associated with a luxury RIB.

The general arrangement follows a classic layout with generous sunbathing areas both at bow and stern, ergonomically designed helm and passenger seating with cooling drawer and space for a sink and hob unit.

Our U-form seating in the rear of the cockpit will easily accommodate both friends and family. The lifting hatch at the forward end of the steering console provides access, via molded in steps, to the large compartment, which can accommodate both a marine WC and sink. The hull meets the requirements of CE category B so when the water gets rough the robust Deep "V" hull will offer great stability. At high speeds this craft certainly makes a statement with its superb driving dynamics and precision handling. With single or twin engine options together with an extensive range of optional equipment the G850 will meet all your requirements for performance, comfort, safety and enjoyment.

G750

The new Golden Line G750 — another GRAND Masterpiece!

The Golden Line G750 offers plenty of performance with space and luxury while retaining the extraordinary sea keeping qualities inherent in the class. This new 7.5 meter design fits neatly between GRAND's highly successful G650 and G850 Cruisers whilst introducing some exciting new design ideas and features.

Based on GRAND's proven High Step Deep-V Hull design this RIB not only meets the requirements for CE category B certification it also provides the optimum balance between a high-performance craft and a sumptuously appointed contemporary family boat.

The extensive specification and options list includes features customers expect from their GRAND RIBS including a U-form rear sofa-style seat that now includes a boarding passageway, stainless steel bow rails, a newly designed centrally-positioned steering console with internal space for a marine WC, a new 260 liter built in fuel tank, a spacious and expandable bow sundeck, GRAND's stylish waterski towing arch, accommodation for up to 10 passengers and much more!

The G750's distinctive contemporary styling and comfort, accompanied by a comprehensive range of options plus outboard motors up to 250 HP gives this GRAND model a degree of authority and elegance that may surpass even our most discerning customers expectations!

G650

The Golden Line G650 — another breathtaking creation from GRAND!

This model represents a new and unique concept with several great ideas and features, which makes it a notable event in the boating world. Let's have a look at some of them:

- **A U-form rear sofa-style seat;** a common feature on larger RIBs, but this is the first time it has been so neatly accommodated in a 6.5 m model.
- **The bow tube** has been cleverly curved introducing a nice touch of elegance to the boat's lines.
- **A new concept steering console** incorporating an impressive and spacious dashboard.
- **An elegant helming console** with folding seats and handrails.
- **A stylish and innovative waterski towing arch,** combining the features of the navigation arch with wakeboard or waterski towing capability.

We believe our Golden Line G650 is one the most beautiful boats our factory has created and we hope it will be much appreciated by our GRAND Customers.

G580

The GRAND G580 — contemporary styling with performance to match

Introduced in 2017 the G580, whilst retaining the overall styling concept of the series, quickly established its own distinctive characteristics:

- **Updated hull and tube geometry** based on a synthesis of modern design and ergonomics.
- **Dynamic shape** contouring with sweeping lines.
- **Plenty of storage** capacity.
- **Optimal weight distribution** with steering console and double pilot/passenger seats located centrally within the cockpit.

Excellent results have been achieved in terms of seaworthiness and load capacity and other key parameters including the range of outboards proposed. This has been accomplished by combining our proven High Step Hull design with a high deadrise, spectacular contours and attention to detail throughout. In common with all models in the series the G580 is equipped with a comprehensive list of standard equipment plus a wide range of options and accessories. These, together with new upholstery combinations give the boat excellent customer appeal plus a unique identity.

G500

The Golden Line G500 represents a fresh approach by our design team.

This 5-meter model is capable of handling engines up to 115hp and is great at riding the waves whilst also delivering the thrills and spills of water sports, keeping up with fish or simply enjoying the excitement of speed over the water. It is one of the safest and most comfortable boats in it's class with its light-weight, high-performance structure together with a heavy-duty, Deep "V" hand laid hull and an elegance of design that boaters will readily appreciate.

The helming position is well designed and comfortable while the rest of the cockpit will certainly meet your passengers' needs.

This new, innovative model has the potential to transform your expectations in terms of performance, family enjoyment and safety.

G420

Golden Line G420: equally at home as a high specification tender or mid-size family runabout.

One of our most popular models, the G420 Golden Line, follows the well-established GRAND contemporary design philosophy with a bright, sports appearance and aerodynamic lines.

Whilst filling an important niche in the mid-size luxury tender market this model, with it's classic layout, performs equally well as a high specification family runabout.

The proven High Step Hull design ensures excellent maneuverability combined with dynamic stability and impressive speed capability. Safety handrails are fitted as standard on the port and starboard side of the ergonomically designed pilot/passenger seats and steering console. Stainless steel bow rails are also available as an option.

As with all models in the Golden Line Series, the G420 is equipped with a comprehensive list of standard equipment plus a wide range of accessories including a 55 liter built in fuel tank, that will enhance the boat's range and add to it's unique individuality.

G340-G380

From the outset our GOLDEN LINE Tenders have introduced a new age of luxury in RIB design.

With their superior quality, comfort and elegance, this series has become a prestigious and exclusive tender for owners of luxury yachts. There are currently two models: The G340 (330cm or 10'10") and the G380 (360cm or 11'10") both with fiberglass step ends. They come fully equipped with large bow step plate with navigation light, pull up cleat and soft seat back, low profile console with handrail, and two rear handrails.

But perhaps the most important feature is their unbeatably low weight, which enables them to be accommodated by most davit systems.

- **The G340EF** weighs in at 129kg (284 lbs) and with a 20hp outboard around 204kg (450 lbs).
- **The G380EF** weighs in at 170kg (374 lbs) and with a 40hp outboard around 265kg (583 lbs).

SILVER LINE

Customers whose primary need is good value and functionality will favor our Silver Line Series. The boats range from 2.5 m to 5.5 m in length. Most models are available with option packages including Base, Sport and Deluxe so we hope you will find exactly what you are looking for in our Silver Line Series.

S520

Features:

1

2

3

1. New large and convenient bow step plate. 2. High capacity 200+-liter bow locker transforms to comfortable sundeck. **3. New steering double seat** with flip-up system for your convenient ride.

The Silver Line S520 is one of the most popular mid-size designs from GRAND, which from its inception has become a favored family and holiday boat.

The key points within the design philosophy were to produce a practical, spacious, easy transportable and well-equipped boat at a highly competitive price. The Extra-Deep “V” hull (over 25° on transom and over 50° max) ensures the boat copes easily with choppy inland and coastal waters. If you are looking for a safe, reliable, roomy and easy transportable RIB for your family holiday, look no further — the S520 is exactly what you need! The S520 is available in three versions:

- **The BASE version (S520)** — boat with bare cockpit suitable for customization.
- **The SPORT version (S520S)** — boat with (CS-03) SPORT console with windshield, handrail and steering system.
- **The DELUXE version (S520L)** — boat which includes the new (CL-12) DELUXE steering console with windshield, handrail, front seat and seatback with stowage compartment plus a rear (SD-15) double seat, soft back with lockable stowage compartment.

The Silver Line S520 is one of the most popular mid-size designs from GRAND, which from its inception has become a favored family and holiday boat.

Soft curved multi-chamber inflatable tube

Steering console with front seat, seat back, windshield, handrail and two dashboards

Extra-Deep "V" molded fiberglass hull with self-bailing cockpit, fuel tank compartment and access cover

S520

S520L

COMPARTMENTS CHART

- 1.** Bow locker
- 2.** Console storage
- 3.** Double seat locker
- 4.** Rear open storage volume
- 5.** Water collector

STANDARD FEATURES:

- Extra-Deep "V" molded fiberglass hull with self-bailing cockpit, fuel tank compartment and access cover
- Soft curved multi-chamber inflatable tube
- Molded in high capacity (200 liter) bow locker with access cover
- Two rear cleats (excl. BASE)
- Towing bow eye, two front and two rear lifting eyes
- Bow grab handle, safety grab handles
- Tough raised rubbing strake with splash guard
- Two paddles and high-efficiency foot pump
- Two cockpit bailers and hull drain plug

DELUXE VERSION:

- CL-12 steering console with front seat, seat back, windshield, handrail and two dashboards
- Mechanical steering system with steering wheel
- Rear double seat SD-15 with soft seat backs and lockable stowage

SPORT VERSION:

- CS-03 steering console with windshield and handrail
- Steering system with cable and steering wheel

OPTIONAL EQUIPMENT:

- Removable sundeck
- Built in 90 liter fuel tank with sender and filler
- Complete electric package
- Fiberglass step ends for inflatable tube
- Stainless steel polished navigation arch
- Bow step plate with clam bollard
- Bow locker removable cushion
- Collapsible bimini top
- Overall cover, console cover
- Overpressure valve
- Keel and tube protector packages
- SILVERTEX upholstery upgrade
- SeaDek antiskid set (for DELUXE version)

S470N

Silver Line S470N

The S470N model retains the original Silver Line philosophy of a practical, spacious and lightweight concept with elegant design and incorporates the unique GRAND DART hull system with key features:

- **A higher keel line** with a deeper “V” for a softer ride
- **Additional space** at the forward end of the cockpit
- **Reduced water spray** for a drier ride at speed

The S470N is available in three versions:

- **The BASE version (S470N)** — boat with bare cockpit suitable for customization.
- **The SPORT version (S470NS)** — boat with (CS-03) SPORT console, double jockey seat and steering system.
- **The DELUXE version (S470NL)** — boat with new (CL-14) steering console with windshield, handrail and front seat, plus a new stylish (SD-10) double seat.

S470NSF

	 L cm	 B cm	 D cm		 W kg	 HP max
S470N	470	205	50	8	170	70
S470NS	470	205	50	8	200	70
S470NL	470	205	50	8	208	70

Features:

S470N — S470NS — S470NL

1. Unique “DART hull” performance system with superior stability and dry ride. **2. Elegant and slick bow step plate** with anchor roller and cleat (optional). **3. New folding stainless steel navigation arch** for compact storage and the occasional low bridge.

We have also included a new generation steering console with double seat for a more comfortable ride plus additional storage space.

S470N

S470NL

COMPARTMENTS CHART

- 1.** Bow locker
- 2.** Console storage
- 3.** Double seat locker
- 4.** Rear open storage volume
- 5.** Drain well

STANDARD FEATURES:

- Deep-V hull with original “DART-hull” system
- Soft curved multi-chamber inflatable tube
- Molded in spacious bow locker with access cover
- Towing bow eye, two front and two rear lifting eyes
- Bow grab handle, safety grab handles
- Tough raised rubbing strake with splash guard
- Cockpit drain plug (bailer) and hull drain plug

DELUXE VERSION:

- Steering console CL-14 with windshield, handrail
- Mechanical steering system with steering wheel
- Rear double seat SD-10 with seat back and stowage
- Bow locker removable cushion

SPORT VERSION:

- Steering console CS-03 with windshield and handrail
- Mechanical steering system with steering wheel

OPTIONAL EQUIPMENT:

- Removable sundeck for S470NL
- Complete electric package
- Fiberglass step ends of the inflatable tube
- Stainless steel folding navigation arch
- Bow step plate with anchor roller and cleat
- Bow locker removable cushion (S470N and S470NS)
- Collapsible bimini top
- Overall cover, console cover
- Overpressure valve
- Keel and tube protector packages
- SILVERTEX upholstery upgrade
- SeaDek antiskid set (for DELUXE version)

S370N-S420N

Both models are based on the DART hull system with the following key features include:

- **Exceptional stability** with softer ride and improved performance.
- **Impressive cockpit** with wider bow section, more seating and storage.
- **Extremely lightweight hull** made of hand-laid high density GRP.
- **Competitively priced** for great value!

The two models comprise the 370 cm (12' 2") and 420 cm (13' 9") with three versions available for each:

- **The BASE version** (S370N, S420N) — boat with 2 wooden seats and oars.
- **The SPORT version** (S370NS, S420NS) — with (CS-01) SPORT console for the S370N, and a new (CS-03) console for the S420N.
- **The DELUXE version** (S370NL, S420NL) — with a new (CL-11) DELUXE steering console and rear (SD-06) double seat with soft back and securable locker.

- Bow locker removable cushion (BASE and SPORT)
- Bow step plate with anchor roller and cleat
- Collapsible bimini top
- Overall cover, console cover
- Overpressure valve
- Keel and tube protector packages
- SILVERTEX upholstery upgrade
- SeaDek antiskid set (for DELUXE version)

S250—S330

GRAND SILVER LINE Tenders combine a traditional RIB design with our original styling.

SILVER LINE Tenders are produced in four sizes; 250 cm (8'2"), 275 cm (9'0"), 300 cm (10'10") and 330 cm (10'11") and are available in the following versions:

- **The Base version** — a True Classic. It is a conventional tender featuring two removable wooden seats and oars, along with several other features and optional equipment. Take it out for lunch on the beach or perhaps a short trip to the mainland for supplies.
- **The Sport version** — treat the kids or yourselves. This version comes with GRAND's SPORT console featuring a complete steering system (except S250 and S275) and with the ideal power options; up to 25hp on the 330, to qualify it as a potent and exciting high-speed watercraft. It's for boaters who value fun and great handling!
- **The Deluxe version** — just what your luxury yacht needs! This boat includes the new Deluxe (CL-17) console with a complete steering system (except S250 and S275) and wide (SD-12) double seat with soft back and securable locker.

Remarks: * The bare boat weight is just a weight of the empty boat without any removable accessories.

** The transport weight is the weight of the complete boat in standard package.

*** Because of differences of local boatbuilding standards The Loading Capacity and Maximum Engine Power may vary by country. Please check that with your local GRAND representatives/Dealers.

**** Boat design Category under European Union Directive 2013 /53/ EU.

All the technical data are subject to change without notice. The products trim may be changed from the originally specified. All the dimensions are + or - 3%. All the weights are + or - 10%. Products availability, trim and specifications may vary by country. Please contact your local Dealer / Distributor for update information. The pictures in the catalogue were taken with the professional operators in strictly controlled conditions. Please never try any activity, which is beyond your capabilities, nor which is potentially dangerous. Always wear appropriate and approved life vest or other personal flotation devices and appropriate clothing. Follow the User's manual instructions for the boat and the engine. Make sure that you read and clearly understand all the restrictions and limitations. HAVE A SAFE BOATING!
